# FBIM Transactions

DOI 10.12709/issn.2334-704X

**FBIM Transactions** is an international academic journal, official journal of the non-profit organization MESTE, published online, as well as print (subscription), which publishes scientific and professional research articles and reviews in English and/or Serbian, or similar language. FBIM Transactions is published in Belgrade - Serbia and in Toronto - Canada. The focal point of the journal is at international level, with the view on matters from a global perspective, but, also, some papers concerning some local specific events could be published. The science and technological advancements and their socio-political impact that happens all over the world can find place in the FBIM Transactions.
