

Editor's Foreword

Welcome to the second issue of the FBIM Transactions, an international peer-referred academic journal, official journal of the non-profit organization MESTE. This issue is published online, as well as print (subscription).

Between the two issues FBIM Transactions was registered in DOI system by CrossRef with **DOI 10.12709/issn.2334-704X**. Also, all articles published in the previous issue of FBIM Transactions got their own DOIs, which can be seen in the **FBIM Archive & DOIs**.

FBIM Transactions journal is registered in **doiSerbia** of the **National Library of Serbia**, and **EleCas** base of **KoBSON**.

In the meantime we have introduced the practice that articles that have undergone peer review, and will be published in the next issues, we make available to readers in the form of preview - early reading.

The focal point of the journal remained at international level, with the view on matters from a global perspective. Also, some papers concerning some local specific events are published in this issue.

We follow the mission and vision of the journal and help authors to publish their works and present their achievements in the most convenient way.

With its broad scope FBIM Transactions welcomes high quality, original research articles and reviews from scientists and professionals, professors and PhD students in the areas covered by its thematic, as it is shown in Thematic areas, on the page V, but these are not exclusive themed areas.

I wish you all success in your future endeavors, and invite you to publish your works with our motto: "If you wish to be quoted, people first have to hear for you".

We will help you!
